Dear Parents:

In our continuing effort to improve student achievement and communication between our school and home, Lake Michigan Catholic Middle and High schools are providing on-line access to student information using the Teacherease program.

Teacherease is an Internet based student information system that allows parents to view their students' assignments, grades, lunch purchases & fees, and attendance from any computer with internet access. Teachers have the ability to email parents with reminders, announcements, or questions, and parents can communicate with teachers in the same manner. Access to the system is controlled through a personal login (email address) and password. You will only have access to your child(ren)'s grades. If you'd like more information on the Teacherease system, please visit their website at www.teacherease.com.

Each parent and student may have an individual login id and password. Only one id is required; student ids are optional. Please provide your full name and a complete, valid email address, and **return this form to the school office**.

Please note: If your email address from last year is still current, you don't need to return this form. If you are a new to the school or would like your email address changed, please fill out the appropriate fields below.

Student Name(s): _____ Grade(s): _____

Email(s) _____

Parent/Guardian #1

If you would like to receive school information at this email address, please check here _____

Name: _____

Email: _____

Parent/Guardian #2

If you would like to receive school information at this email address, please check here _____

Name: _____

Email: _____

You will receive an email message with login/password. If you have any questions or concerns, please feel to contact me.

Sincerely,
Pam Barden
