

Welcome back everyone!

As the upcoming school year fast approaches, I just wanted to let all parents and students know that the cafeteria will be ready to go with a variety of ala carte entrees. We will offer vegetarian choices daily along with a complete salad bar. I am planning on offering a variety of snack items along with drinks ranging from bottled water, orange juice, apple juice, gatorades, to tea's and milk. We also will continue to offer Pizza Hut pizza throughout the school year.

Some things that I need your help with are having the returning students please remember their lunch cards everyday. This will help speed up the checkout lines. Also, if parents and students can keep an eye on their lunch account balances. If they get to low please add money to the account by using the online payment process or bring in a check or cash to the cafeteria prior to the start of school so I can get it deposited before lunch begins.

If you have any questions regarding the cafeteria please do not hesitate to get in contact with me.

Thank you,

Ann Kangas
